

BUNGAMATI FOUNDATION NEPAL

Every child deserves development

ABOUT US

Bungamati Foundation Nepal (BFN) is a nonprofit social organization that has been dedicated to enhancing children's learning since its inception in 2004.

As a non-governmental, non-political, and non-religious entity, BFN focuses on education for underprivileged children in Nepal. Committed to promoting equal opportunities, BFN works to close the education gap, ensuring that every child, regardless of their background, has the opportunity to learn and succeed. BFN recognizes that education plays a crucial role in transforming both lives and communities.

Children Receiving Sponsorship

Requirement Collection

REQUIREMENT COLLECTION

Recently, Bungamati Foundation Nepal gathered the educational needs of sponsored children in order to distribute the final installment of their sponsorship. These children submitted their requirements to acquire essential items for their studies, including shoes, uniforms, stationery, exercise books, school bags, and calculators.

GREETING CARDS COLLECTION FROM REMOTE SCHOOL CHILDREN

BFN gathered greeting cards from sponsored children to send to their sponsors in the Netherlands. The children extended their warm wishes for a Merry Christmas 2024 and a Happy New Year 2025 in their messages. Additionally, they included their progress report cards to share their academic achievements. The vibrant, heartfelt messages and colorful drawings on the greeting cards beautifully reflected the children's gratitude and joy. Each card was a testament to the positive impact that sponsorship had on their lives, not only providing them with necessary educational tools but also inspiring them with hope and encouragement for the future. The exchange of these cards fostered a meaningful connection between the children and their sponsors, bridging the distance with love and appreciation. Through this initiative, BFN highlighted the importance of fostering global friendships and nurturing a supportive community across borders.

EDUCATIONAL MATERIALS SUPPORT

BFN provided educational resources to students in remote areas, delivering stationery and supplies like notebooks, pencils, and textbooks to enhance learning. Schools requested assistance, and BFN's support increased student engagement and enthusiasm among teachers. This initiative significantly impacts young learners, enabling them to overcome challenges and pursue their education. BFN collaborates with local educators and leaders to assess needs and ensure ongoing support, emphasizing their commitment to educational equity for all children.

NEW STUDENTS ENROLLMENT FOR SPONSORSHIP PROGRAM

BFN has completed 10 new student enrollment forms to support education for underprivileged children from marginalized communities. In addition to this, BFN sponsored 12 new students from poor families, starting to help by providing different educational materials. This initiative aims to ease financial burdens on families by providing sponsorship assistance for tuition fees, school supplies, and extracurricular activities. Parents and children are happy to receive sponsorship from BFN. By promoting educational equity, BFN seeks to enhance individual futures and contribute to societal transformation, inspiring a new generation of learners to uplift their communities and foster a more inclusive society. The help will support further study.

MATERIALS SUPPORT TO ECD CHILDREN

BFN supports Early Childhood Development (ECD) by providing bags and educational materials to 25 enrolled children. Supported by Lalitpur Metropolitan City and the government, BFN manages daily lunches, educational resources, play materials, and audiovisual support. This comprehensive approach fosters a strong foundation for young learners' future education.
